MEMORANDUM FOR: Chief, Production Services Division, NPIC

SUBJECT: High Resolution Step and Repeat Contact
Printer, Contract [redacted]
[redacted]

1. Attachment 1 is a copy, for your retention, of "Performance Requirements for High Resolution Step and Repeat Contact Printer," dated 16 December 1963. Attachment 2, also for your retention, is a copy of "Feasibility Study Report -- High Resolution Step and Repeat Contact Printer," prepared by the [redacted]

2. It is suggested that your designated representatives read the enclosed documents in preparation for a discussion on the Step and Repeat Printer with the contract monitor, [redacted] P&DS. Of particular interest are the "Revisions to Specification" listed on pages 45, 46, and 47 of the Feasibility Study Report. Most of these changes are intended to resolve vague statements in Enclosure 1 and should not present any insurmountable problems.

3. Another matter, which may present many problems, is that of marking or coding the negative. This is discussed in paragraph 2.6, "Film Frame Identification Subsystem." This automatic frame searching feature of the printer is vital to the automatic operation of the printer. If the negative is not marked in some manner the printer cannot operate automatically and much of its value will be lost.

4. It is further requested that a conference to discuss this printer be scheduled with [redacted] er
than 23 March 1965.

Colonel, USAF
Assistant for Plans and Development

MEMORANDUM FOR: Chief, Support Staff, NPIC

ATTENTION: Chief, Logistics Branch, SS

SUBJECT: Letter from the [redacted]
Subject; "Contract [redacted] -- Changes
to Design Analysis Report, Dated
27 October 1964, for the Contract
Duplicating and Reseau Printer,
Printer No. 1," dtd 12 February 1965.

1. The referenced letter is the Contractor's reply to changes requested in the Design Analysis Report for the printer they are making for GDMRADA. The attachment is the recommendation by the GDMRADA contract monitor that the Design Analysis Report be approved.

2. It is requested that the [redacted] be notified that the changes requested in the reference have been accepted.
